Ms Palomana Joseph,

Dear Palomana,

The heartbreaking devastation of your homeland, Haiti, has been felt and recognized worldwide. I believe this world recognition to be deep and sincere. However knowing your personal loss with this tragedy and loss precious family members, truly heightens the reality, loss and overwhelming sorrow.

Palomana, we all feel empty in ways to reach out to you. You are a true joy to know and work with.

I am honored, to tell you, that your co-workers, have banded together to collect \$150 and that Judy and I on behalf of Paul N Fera Inc will match this amount, to herein give you this check in the amount of \$300 for you to help your family in Haiti. Be assured there is no envelope large enough to contain all of our good wishes for you and your family.

Sincerely,

Paul N Fera
